PROFESSIONAL EXPERIENCE

Information Systems Support

Nov 2022 – Apr 2023

St. Michael's Convent School — Karachi, Pakistan

- Delivered technical support across computer labs, classrooms, and administrative offices, troubleshooting hardware and software issues to minimize downtime.
- Assisted teaching and administrative staff with IT-related tasks, resolving technical queries promptly and maintaining accurate system records.
- Supported the HR and administration team with documentation and office coordination.

E-commerce Executive (Shopify)

May 2023 – Apr 2024

Edesire.pk — Karachi, Pakistan

- Managed end-to-end Shopify store operations, including product listings, inventory updates, and order processing.
- Resolved customer inquiries through Facebook and other online platforms, delivering responsive support that strengthened customer satisfaction.
- Collaborated with the marketing team to develop engaging content, contributing to improved customer engagement.

ACADEMIC PROJECT

AI-Powered Aircraft Health & Efficiency Analytics — Final Year Project

DHA Suffa University

- Contributed to an AI/ML-based analytics system for aircraft health monitoring and predictive maintenance, integrating flight and weather data.
- Built and integrated a FastAPI backend with a Streamlit dashboard for real-time data visualization and performance monitoring.
- Applied data preprocessing, database management, and predictive analytics within a research-based development process.
